June The Pearl Month

Pearls were first found in
the far East, and among the
people of the Orient the belief
was held that they were nothing
more than dew drops
hardened into pearls.

At the full of the moon the
oysters were supposed to come
to the top of the water, and
open their shells receive the
dew drops of dew which soon con-
gealed into priceless gems.

A bridal gift of pearls is an
appropriate gift for the month
of June and to the girl whose
birthday falls in June the pearl
is an excellent gift.

NEWS OF PENDLETON

Estate is Appraised.
Martha A. Richardson, deceased, left an estate valued at \$2590.88, according to the report of the appraisers.

Residents Must Cut Weeds.
Street Commissioner John Heathman has been instructed to enforce the ordinance requiring property owners and residents to keep their premises and adjacent streets free of obnoxious weeds. Tenants will be held responsible for the property they occupy and owners of vacant lots will be required to cut the weeds growing upon their property.

Objects to Dump Pile.
T. J. Tweedy last night made an objection to the council to the practice of some residents dumping their trash at the foot of Long street. He stated that he had given the city a deed for the land necessary to open the street but that no record of such deed could be found. He is ready to make another he stated, but if he did so, would expect the city to keep the street clean.

Want Bridge Over Race.
A petition was presented to the council last evening asking that a bridge be constructed across the Ryers millrace between Summer and Hyde streets. There was formerly a bridge there but the milling company, not deeming it safe, had it torn down last winter. It is understood the company will make no objection to the building of bridges over the race provided they are made safe.

St. Joseph's Academy Commencement.
The Sisters of St. Francis and the pupils of St. Joseph's academy have sent out invitations for the 29th annual commencement exercises of that institution which will be held on Thursday afternoon, June 3, at the Alta theater. The invitations state that the exercises are to be held at the Oregon theater but, owing to a conflict of dates, other arrangements had to be made.

Council Views Obstruction.
The city council this morning in a body inspected Railroad street just east of Thompson in response to a request made by property owners for the moving of the gas plant building which projects out into the street. The council decided to plank the railroad there to afford means of teams getting in and out but thought the removal of the building unwarranted.

Will Complete Street Improvement.
Ross Newport of Hermiston, is in the city making preparations for completing the Monroe and Jackson street improvement. Because of the fact that that Olson & Johnson, contractors for the new library building, found it necessary to occupy a part of Jackson street with their office and materials, The Newport Land & Construction Co. could not complete its contract last winter. Work on the remainder of the contract will begin next week.

Sprinkling Contracts Let.
Contracts for the sprinkling of the streets of the city were awarded last evening by the council. George T. Meeker was given the contract for District No. 1, all of that part of the city north of the river, at \$150 per month. James Beck was given the contract in District No. 2, all east of Main and south of the river, at \$125 per month. Al Moody was awarded the contract in District No. 3, west of Main and south of the river, at \$120 per month.

Appropriation for Bridges.
The United States has appropriated \$18,565 toward the building of bridges across the Umatilla river at Thorn Hollow and Mission, according

to the Indian appropriation bill a copy of which was received by Supt. E. L. Swartzlander this morning. This amount is two-thirds of the cost, and the other third, or \$9,333, has been promised by the county court of this county. Supt. Swartzlander has received no word to indicate the time work will start but anticipates that it will begin soon after the county court makes its appropriation.

Golf Club Meeting.
A meeting of the Pendleton Golf Club is to be held tomorrow evening at 7:30 at the rooms of the Commercial association.

Deserted Wife Asks Divorce.
Alleging that her husband, Lamar Bushes Livermore, deserted her on Feb. 26, 1914, Ethel M. Livermore today filed suit for a divorce through her attorneys, Carter & Smythe.

Where Is J. H. Busen?
Members of the cemetery committee, H. J. Taylor, chairman, are seeking H. J. Busen who took out a burial permit for a child on January 18, 1912. There has been an error in connection with deeding the lot and it is desired to correct the same.

J. P. Neal Here.
James P. Neal, well known attorney who was formerly located in Freeewater and who is now city attorney of Walla Walla, is here today transacting business. Mr. Neal is one of Walla Walla's best golfers and is making the rounds on the local links this afternoon.

Baby Breaks Arm.
The little two year old daughter of Mr. and Mrs. George Clark, Jr., sustained a fractured arm Tuesday in a fall from the high porch of the Nelson home on Butler creek. Both bones were broken. She was taken to Pilot Rock and the bones set. With her mother she was brought in to Pendleton last evening.

Denies He Made Threats.
H. H. Willard of Hermiston denied today that he had threatened bodily harm to Anton Arnold, who leases land in the irrigation section, and who charged that Willard had made threats against him. An injunction asked for by Arnold was recently dismissed by the court. Willard said that no words of a threat had ever passed between him and Arnold at any time.

Raising Baltic Alfalfa.
C. C. Connor, Helix farmer, who is here today on his return from Malheur county, says that Leroy Breithaupt, superintendent of the Burns experimental station, is doing some good work in raising dry land alfalfa for seed. He has raised some Baltic alfalfa that produces 175 pounds per acre and sells at 75 cents per pound. The alfalfa raised is a different variety from that raised in this country. Mr. Connor also visited in northern Idaho while away. He expects to locate in Malheur county.

Witnesses Return From Portland.
Supt. E. L. Swartzlander of the Umatilla reservation, Rev. J. M. Corneilson, Fireman Harry Minnis, and the following Indians, Mitchell Lloyd and wife, Mrs. Robinson Minthorn, Leo Sampson, and Mrs. Small Hawk arrived home this morning from Portland where they had been as witnesses before the federal grand jury which is investigating several alleged adultery cases. Eight other Indians left this morning for Portland to appear as witnesses tomorrow in the investigation of alleged depraved conduct committed on the reservation. Chief of Police T. B. Gurdane, who has been a witness in Portland, will arrive home tonight or tomorrow.

Opposition Made to Proposed Plan of Paving Street

FIGHT WILL BE WAGED ON IN-
CLUDING WILSON STREET
IN DISTRICT.

A stiff fight against the inclusion of Wilson street, of Madison, Blaine and Matlock streets in the north side district proposed for improvement has developed and found champions before the council last evening in Councilman Murphy and Taylor of the north side ward.

The second resolution, calling for the paving of Main from Jackson to Wilson, Wilson from Main to Blaine, Madison from Wilson to Jackson, Blaine from Wilson to Jackson and Matlock from Jackson to Riley, was presented last evening. Councilman Murphy at once served notice that he would vote against it.

"This is the first time since I have been on the council," he said, "that I have acted as an obstructionist to a proposed improvement, and I wish to explain my stand. As I see it, the property owners on Main and Wilson street to Garfield and on Garfield street can stand the expense of the improvement, but west of Garfield street I think that the improvement would mean the confiscation of some of the property. You would be putting a \$12,000 mortgage upon \$40,000 worth of property."

Councilman Taylor took a like attitude and both he and Murphy declared there had been much objection made to them by property owners. Councilman Penland thought the objections were coming rather late, in-

asmuch as the city has already spent over \$300 to secure plans and specifications. Council Phelps expressed the belief that the majority sentiment favored the total improvement but declared he would be willing to hold it up if 50 per cent of the property owners west of Madison remonstrated.

A compromise was finally made by laying the resolution on the table for a week to permit property owners to set up a remonstrance which would be merely advisory to the council. The total cost of the proposed improvement is estimated at \$28,489.25.

DELEGATES LEAVE FOR THE CONVENTIONS AT CHICAGO

Umatilla county's portion of the republican and progressive national conventions left here today via the Northern Pacific for Chicago to take part in the momentous problem of naming the next republican candidate for the presidency.

Senator J. N. Burgess is the Umatilla county delegate to the republican convention while P. H. Buholtz of Stanfield goes as a delegate to the bull moose gathering. Mrs. Buholtz is making the trip with him and they are accompanied by Mrs. Harry Bartholomew of Stanfield.

William Vollman and John Schmitz, prominent Baker businessmen, also left with the party to make the trip through to Chicago.

At Pasco the delegation will join the Portland party enroute to the convention. They will arrive in Chicago three days prior to the holding of the convention and thus will be in on the preliminary business and excitement.

FINES TO BE RETURNED.

(Continued from page one.)

as he habitually parks his car on the wrong side of the street at his home. Councilman Folsom, who is an undertaker, declared that both he and J. T. Brown are compelled to form funeral parades in violation of the letter of the ordinance. Mayor Best was of the opinion that delivery wagons in the residence sections should not be compelled to keep to the right hand side and other suggestions were that the speed limit in the outlying sections should be raised to twenty miles per hour.

The ordinance committee was finally instructed to revise the ordinance to make the parking provision operative only within the fire limits. The recorder was also authorized to recruit such fines in cases that his own judgment told him were unfair. Incidentally the traffic officer was paid \$12 for the 26 convictions he has secured.
